PEPPERDINE UNIVERSITY CHANGING LIVES – THE CAMPAIGN FOR PEPPERDINE UNDERWAY

The Campaign for Pepperdine: Changing Lives, was officially announced at the 35th annual Pepperdine Associates dinner. To launch the Campaign for Pepperdine, the third and largest campaign in the University's 75-year history, 900 faithful fans—alumni, friends, business and community leaders, and faculty and staff—gathered at the JW Marriott at L.A. Live. Guests enjoyed an evening of celebrating Pepperdine's quest and campaign theme, Changing Lives. It aims to strengthen and enhance the University's reputation as a preeminent, global Christian university, known for its integration of faith and learning. The campaign aspires to raise \$450 million, which will be used to support four priorities focusing on student-centered initiatives across Pepperdine's five schools: advancing knowledge through scholarships and other means, honoring the University's heritage of faith, building community, and promoting global understanding. With its gala public launch on May 14, 2011, the campaign has already received more than \$260 million in gifts and pledges.

Strengthening Pepperdine's sense of place and community, our campaign goals include enhancing the nearly 40-year-old Malibu campus through several renovations and renewal projects. These include new spaces for students to congregate, relax, and study, as well as expanded recreational facilities and upgraded academic and community venues. Key projects will be a new center for events and athletics, the addition of a residence hall and commons building for Seaver College juniors, and a major renovation of Payson Library. Facilities will provide new opportunities for students, Pepperdine Associates and community friends to come together and participate in academic and cultural activities. The Campaign for Pepperdine: Changing Lives will continue through July 31, 2014. To learn more about specific campaign goals and details visit: www.pepperdine.edu/campaign.

Artist's vision of the sense of place and community The Campaign for Pepperdine will bring for Pepperdine students, community, and friends to participate in academic and cultural activities on campus.

CAMPUS LIFE PROJCT - BUILDING COMMUNITY TOGETHER

Crest Advisory Board members Mark Ball and Frank Brady join Heidi Bernard, director Crest Associates, to support Campus Life Project at the LA County Board Hearing.

The Pepperdine University Campus Life Project received unanimous approval from the Los Angeles County Regional Planning Commission early May. We appreciate the outpouring of support from our Crest Board and our University friends who sent letters, made calls, answered questions of community members, and attended our hearings. Thank you to each and every person who provided assistance throughout this process. The campus enhancements are sure to enliven the sense of community between our students and University associates and friends. Our next step is to submit an application to the California Coastal Commission and work with them to complete their required environmental analyses. This project will culminate in public hearings most likely early next year. Community support remains crucial during the California Coastal Commission process and we will continue to look to our community to provide the amazing support that kept the project moving forward so seamlessly. Visit: pepperdine.edu/campus-life-project. If you have questions or would like additional information, please contact Rhiannon Bailard, assistant vice president of governmental and regulatory affairs at (310) 506-4702.

SAVE THE DATE! FREE COMMUNITY ART DAY AT THE WEISMAN MUSEUM – JULY 16

Crest Associates and friends are welcome to bring their families to a free Community Art Day July 16 from 2 to 4 p.m. in the Gregg G. Juarez Palm Courtyard (adjacent to the museum). The afternoon will feature creative art projects for children for children ages 4 to 12 and Weisman Museum tours of *David Gallup: California's Channel Islands*. The exhibit features over 70 breathtaking original oil paintings of the region's plants, wildlife, and rich scenic wonders of coastal California. Gallup's style and paintings of natural wonders draws upon the rich heritage of historic French and California Impressionism, but reflects his modern vision. It is free and open to the public. For additional information contact Brittany Corbucci, arts education coordinator and museum assistant at (310) 506-4766 or visit: arts.pepperdine.edu.
