Bible Lectureship

Restoring New Testament Values

AUGUST 7-11, 1960

PEPPERDINE COLLEGE

LOS ANGELES 44, CALIFORNIA

“Restoring New Testament Values”

THE CHILD OF GOD is so confident in the power of God and His Word that he constantly reevaluates himself to see if he is “in the Lord.” The theme of these lectures reemphasizes sacred truths and the realization of their essentiality to our continued existence and growth as a people for God’s own possession. God’s principles of truth and love never grow old, but we can become forgetful. We must “seek, and ask for the old paths wherein is the good way . . .” The one great contribution churches of Christ have to offer the world is a return to New Testament principles. Let us rejoice therein.
