“Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness, that most frightens us.” - Marianne Williamson

This artwork is a representation of an African queen, and also of an introverted young adult. They are one. She exists in a world where her beauty is underrepresented and under-appreciated; the depth and creativeness of her thoughts often invalidated. She vibrates with Colors -- the world sees Black. She is powerful. She is vulnerable and true.
